What is Love and Logic[®] All About?

Since 1977, the Love and Logic Institute has been dedicated to making parenting and teaching fun and rewarding, instead of stressful and chaotic. We provide practical tools and techniques that help adults achieve respectful, healthy relationships with their children and help them prepare their kids for the real world. All of our work is based on a psychologically sound parenting and teaching philosophy called Love and Logic.

*Stuart Shore, PhD, LPC with Love and Logic Founder,

Classes Will Teach You How To:

- ◆ Put an end to arguing, back talk and begging
- ◆ Teach responsibility without losing their love
- ◆ Set limits without waging war
- ◆ Avoid power struggles
- ◆ Guide kids to own and solve their problems
- ◆ Teach kids to complete chores without reminders and without pay

Love allows children to grow through their mistakes. Logic allows them to live with the consequences of their choices.
